

Music Recommender System

Individual Project – ESADE MSc, Recommender Systems (Prof. Marc Torrens)
Pau Gratacós · 30/06/2026

Submission links

Live app (deployed prototype):

<https://music-recommender-chxb.onrender.com>

GitHub repository (code, report, notebooks, slides):

<https://github.com/paugratacosfuste/recommender-systems-lastfm>

Note: the app is on a free tier, so the first load after a period of inactivity can take ~50 seconds while the server wakes up, then it is fast.
